

P. A. INTERNATIONAL SCHOOL

January 2019

The management and staff of P. A. INTERNATIONAL SCHOOL is very happy to share that our students from grades 1 to 4 have qualified for the national round in **The Xyo Inter-School Olympiad 6th Annual Math-Science Championship** by winning **the overall championship at the state level** out of **40 teams** from various schools. This particular competition is targeted to assess their application skills, logical reasoning and speed in math at their class level. The selection is based on marks obtained as well as time taken for each question.

We would like to congratulate the students on their achievement.
